NEW INFINITE FAMILIES OF EXACT SUMS  
OF SQUARES FORMULAS, JACOBI ELLIPTIC  
FUNCTIONS, AND RAMANUJAN'S TAU FUNCTION

Exact reference: Stephen C. Milne, "New infinite families of exact sums of squares formulas, Jacobi elliptic functions, and Ramanujan's tau function," pp. 403-417 of Formal Power Series and Algebraic Combinatorics, 9th Conference, July 14 - July 18, 1997, Universität Wien, Conference Proceedings - Volume 3 of 3, (eds.: P. Kirschenhofer, C. Krattenthaler, D. Kröb, and H. Prodinger) FPSAC '97 (1997)

STEPHEN C. MILNE

The Ohio State University

16 June 1996 (revised 20 April 1997)

1991 *Mathematics Subject Classification*. Primary 11E25, 33E05; Secondary 05A15, 33D70.

*Key words and phrases*. Jacobi elliptic functions, Jacobi continued fractions, Hankel or Turánian determinants, Fourier series, Lambert series, inclusion/exclusion, Laplace expansion formula for determinants, Schur functions, multiple basic hypergeometric series,  $C_2$  nonterminating  $q$ -sums summation theorem.

S. C. Milne was partially supported by National Security Agency grant MDA 904-93-H-3032
